

FIG. 1

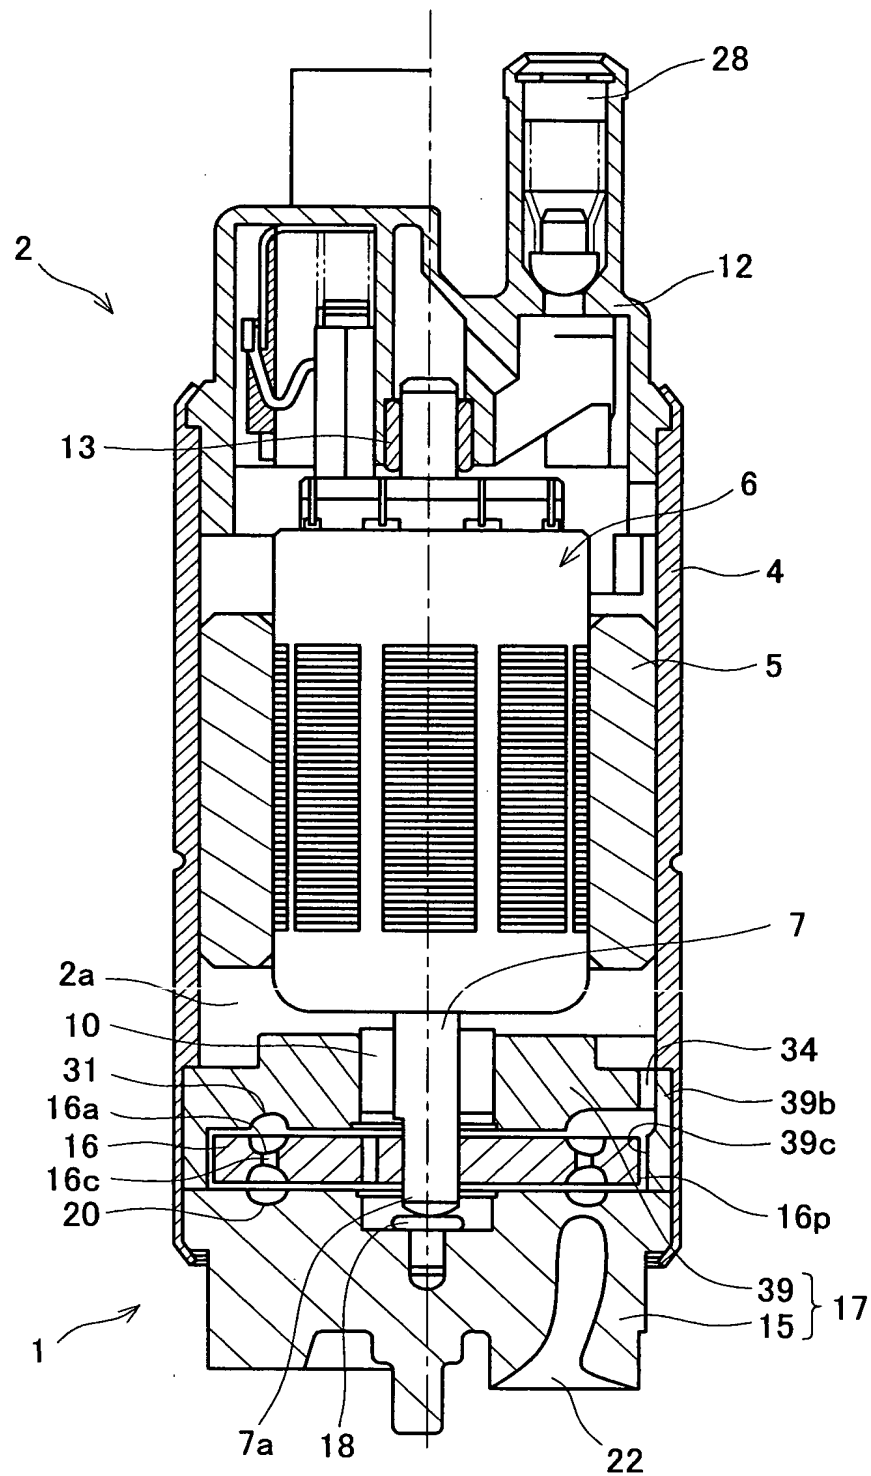

FIG. 1 is a cross-sectional view of a circular device. The device features a central circular component with a rectangular cutout and four small circular features. Surrounding this is a ring with a wavy, corrugated inner surface. The outermost ring is labeled 39. A dashed line B indicates a cross-section. Other labels include 16, 16a, 16c, 16d, 16n, 31b, 31c, 34, 34a, and 39b.
